

# SAFER SCHOOLS

## 8 Best Practices Schools Can Adopt To Be More Aware And Prepared For Crisis

- ❑ Ensure all students and school personnel receive annual personal protection measures training.
- ❑ Conduct optional prevention and detection of suspicious activities training for parents using security and law enforcement officials.
- ❑ Implement a “Talk to the Principal” internet hotline for students which can only be seen by the principal and an alternate school official.
- ❑ Conduct weekly tests and checks of all security systems (e.g., PA, telephone, distress alarm, camera, metal detector, walkie-talkie, etc).
- ❑ Conduct monthly crisis management drills with security and law enforcement officials.
- ❑ Conduct an annual review of the school’s crisis management plan with security and law enforcement officials.
- ❑ Conduct daily inspections of all bags entering the schools to include school officials.
- ❑ Conduct random inspections of students by security or law enforcement officials on school busses and vehicles entering school grounds.

The logo for BAF Security Solutions, LLC features the letters 'BAF' in a large, bold, sans-serif font. Below 'BAF', the words 'Security Solutions, LLC' are written in a smaller, lighter font. The entire logo is enclosed within a light purple oval shape that has a slight gradient and a soft shadow effect.
